

# Haiti 180

## *What to Expect*

### **Roughing It:**

We are looking for groups of 10-24 dedicated missionaries who are ready to go on a mission experience where you will go on the best off-roads to get to the mountain village where you will experience the beauty of God's creation in an exciting new way. Imagine the excitement of crossing several rivers in a 4WD SUV! You will try awesome food from a whole different culture.

### **Children of God:**

Wait 'til you meet the children from the orphanage and the village! They will FLOCK to you as you give them a chance to be children, playing with them and giving them attention. They don't care what language you speak as long as you can just pick them up and smile with them. They are a total joy!

### **Taking It Home:**

Imagine the joy of an elderly woman who couldn't leave her home for weeks and suddenly sees a bunch of missionaries walking up the hill to visit and pray with her! Or imagine walking into a small shack where you are welcomed as family, and you are sitting on the bed just because there is no living room. That is the ministry of presence and love! The peasants express deep gratitude for recognizing their dignity and bringing the presence of Jesus into their homes.

### **Extreme Worship:**

Be ready to be blown away by the energy of the Haitian people as they lift their hands for God. You will see people coming barefoot from miles away just to come praise. Come see real joy in the midst of pain and suffering. It is always a huge blessing whenever we can have a priest with us to administer the sacraments since the villagers only have mass once a year! Their openness to God in their poverty always serves as a great reminder for us as to what is most important in life.

### **Get Your Hands Dirty:**

Go onto the building sites and sweat for God. Work alongside the Haitians as you learn new building techniques that the Haitians use and as you contribute directly to the building of badly needed facilities for the orphans and villagers. You can carry rocks, fetch water, lift heavy objects, help put up walls, nail things in, etc. Don't be afraid if this isn't your cup of tea! We have other options such as holding the children and visiting the elderly and making home visits to the poorest of the poor!

### **Caring for the Sick:**

We are always excited to have medical personnel come work at our amazing new medical facility! Not only do we work in the clinic but we go out and visit the sick and help alleviate some of the most common illnesses and pains that the peasants suffer.

### **Sharing:**

You will have an opportunity to share with your team every night about your experiences during

the day as we keep our hearts open to how Jesus is speaking to us.

**Cost Information:**

The fee for the trip is \$1,050.00 plus 350.00 for the cost of the round trip helicopter ride (for your safety and comfort) and whatever the cost of plane ticket. The \$1,050 payment to Haiti180 is broken down into \$250 for expenses and \$800 donation. This donation will be used for building materials for your mission and in general toward continued building, salaries of Haitian workers, care for the children, etc.

Your donation also leaves room for unexpected expenses during your trip such as having to fix a flat tire. Your \$250 payment covers gas, food for yourself, and paying all the cooks, drivers, and other staff who will be working with you during your trip.

**Your group will be responsible for your own airfare. The group leader must consult their Haiti 180 contact person before booking tickets. The contact person will give your group leader the time frame in which the team member in Haiti is available to pick you up as well as give tips on what airlines to use and what flight times work best. The group leader will then advise all team members on what flight the group will be booking.**

For ways to raise money see *Principles and Ideas for Fundraising*.

Upon confirming an available week for your mission trip with our mission trip coordinator, a \$1000.00 non-refundable deposit will be required to reserve that week for the group.

For missionaries,

A \$250 payment for the expenses is due upon signing up with your group leader. The \$250 check should be written by the team member or their parent for tax purposes when possible, as this payment is for a specific service and is not tax-deductible. All checks sent in to your Haiti180 contact person from others sponsoring your trip and used toward your \$800 donation will be tax deductible assuming that the check is accompanied by the donor form found under *Important Financial Information for Fundraising*. The \$800 donation is due one month prior to trip. Please use the forms found in *Important Financial Information for Fundraising* to make sure checks will qualify as tax deductible donations.

Checks should be made payable to “Haiti180”

All checks and forms must be mailed directly to your team leader who will then send them all in at one time to their Haiti180 contact person.

Group leaders must send all forms and checks into their Haiti180 contact person, Julie Forrest, at:

Haiti180  
1160 Inneswood Drive  
Gallatin, TN 37066  
Attn: Julie Forrest
